

## **Pediatric Interventional Radiology Fellowship**

### **Emory University Hospital/Children's Healthcare of Atlanta**

**Location:** Georgia USA

**Affiliated Academic Institution:** Emory University School of Medicine

**Contact:** Annie Gill

**Email:** [anne.gill@emory.edu](mailto:anne.gill@emory.edu)

**Website:** <https://www.choa.org/medical-services/radiology/interventional-radiology-clinic>

### **Description of Fellowship**

Children's Healthcare of Atlanta is the only pediatric hospital system in the state of Georgia. Our practice covers >650 beds at two large tertiary care children's hospitals, leading to a high-volume, high-complexity practice. We are intricately involved with the Children's Vascular Anomalies Clinic, leading to greater >300 vascular anomalies interventions per year. We participate in the multi-disciplinary, in-person, weekly vascular anomalies clinic with hematologists, pediatric surgeons, dermatologists, otolaryngologists, and plastic surgeons. Additionally, our attending interventional radiologists have a full additional day of outpatient IR clinic, in which the fellow will learn outpatient management of pediatric IR patients.

Additional procedural specifics from 2016-2017 listed below:

- 34 bone tumor ablations, annually
- 26 pharmacomechanical venous thrombolyses, annually
- 28 venous stenting cases, annually
- 55 arterial embolizations, annually
- 11 arterial tumor embolizations, annually

### **Fellowship Details**

**Pediatric IR Section Chief or Division Chief:** C. Matthew Hawkins

**Pediatric IR Fellowship Director:** Annie Gill

**Fellowships Available:**

- Pediatric Interventional Radiology Only

**Durations Available:**

- One year

**Number of 1 year or greater Fellowships:** 1

**Start Date:** July 1

**Approximate Call Frequency:** Every fifth night

**Elective Time offered during Fellowship:** Yes, one month of elective time.

**Number of Pediatric Fellows trained here in the last 5 years:** 1

**Does a combined fellowship result in eligibility for a CAQ (such as in IR or pediatric radiology), or other accreditation:**

**Prerequisite requirements:**

- Radiology Residency
- Medical Licensure in your country

- Medical Licensure in your state, province, or region
- Completion of ACGME approved vascular interventional radiology fellowship

## Service Details

**Number of pediatric IR attendings:** 2-3

**Number of adult IR attendings with direct teaching responsibility for the PIR fellows:** 2-3

**Number of neuroradiology or interventional neuroradiology attendings with direct teaching responsibility for the PIR fellows:** 1

**Approximate annual IR Pediatric case volume:** Greater than 3000

**Approximate annual case volume by subspecialty:**

Vascular Access .....	Between 20 and 200 cases a year
Biopsy Drainage.....	> than 200 cases a year
Body Angiography & Intervention.....	Between 20 and 200 cases a year
Spine Interventions .....	Between 5 and 20 cases a year
Vascular Anomalies .....	> than 200 cases a year
Venous Interventions .....	Between 20 and 200 cases a year
Enteric access (G,GJ), Cecostomy .....	> than 200 cases a year
Locoregional tumor therapy .....	Between 5 and 20 cases a year
Musculoskeletal Interventions .....	Between 20 and 200 cases a year
Biliary Interventions.....	Between 20 and 200 cases a year
GU Interventions .....	Between 5 and 20 cases a year
Diagnostic Cerebral Angiograms .....	We do not offer this service at this time
